ABOUT GAUDENZIA:

In 1968 in Philadelphia, a group of business, political, and community leaders as well as people in recovery from drug and alcohol use recognized a serious problem: a growing number of people affected by addiction were unable to find help. Gaudenzia was founded to help meet this need. Since then, it is estimated that Gaudenzia has admitted into treatment over 200,000 individuals.

Gaudenzia began as a single facility. Today we operate 151 programs at 80 facilities throughout Pennsylvania, Maryland and Delaware. Now serving about 20,000 individuals annually, Gaudenzia operates residential and outpatient treatment programs, including specialty programs for pregnant and parenting women, individuals with HIV/AIDS, people coping with mental illness in addition to substance abuse issues, adolescents and more.

Gaudenzia continues to improve and expand our services, helping individuals and their loved ones overcome the ravages of addiction to drugs and alcohol.
